

## Authorship Checklist

This form must be completed and sent with the manuscript

**Manuscript title**

**Name of the corresponding author:** name, filiation, email, and telephone number

### Ownership, Considerations and Requirements

	All authors agree that, if the manuscript is accepted for publication in the Journal of the <b>Colombian Academy of Exact, Physical and Natural Sciences</b> , at the time of its publication it will be in the public domain and may be used without copyright infringement
	This manuscript, or one with substantially similar content written by the authors, has not been previously published
	The author for correspondence is the primary contact for dealing with the editor's requests; in the text of the manuscript his full identification is provided: full name, parentage, email address and phone number
	Financial support is declared for the realization of the work or for the publication of the manuscript
	Any organization or person with a financial interest in the subject is stated in the manuscript
	The authors have declared any conflict of interest related to this manuscript.
Yes No	The research has been approved by the corresponding ethics committees (research with human or animal subjects)
Yes No	The DNA and amino acid sequences have been sent to an open access sequence database, such as GenBank, and the access numbers are used to refer to the sequences
Yes No	Authors have included the written permission of the editors of any figures or tables previously published or adapted
Yes No	Authors have included written permission from identifiable persons in photographs, case descriptions, or pedigrees
Yes No	The authors have included the written permission of the persons named in the personal communications (oral or written) indicating that they agree to be named and that the information cited is accurate

### Authorship and acknowledgments

	All authors meet the criteria of the <b>International Committee of Medical Journal Editors (ICMJE)</b> for those roles <ol style="list-style-type: none"> <li>Made substantial contributions to the conception or design of the study, or to the acquisition or interpretation of the data for the study</li> <li>Participated in the writing of the manuscript or in its critical review, contributing to its intellectual content</li> <li>Approved the final version to be published</li> <li>Agreed to take responsibility for all aspects of the study, ensuring that questions that may arise related to any part of the study will be properly investigated and solved</li> </ol>
	All individuals who made substantial contributions to this work but did not meet the authorship criteria are named in the acknowledgments. There is written permission from all the people listed in the acknowledgments.
	ORCID ( <i>Open Researcher and Contributor ID</i> ) identifiers were provided for all authors
	The letter of reference of the manuscript is signed (digitally) by all the people listed as authors, with affiliations, emails and ORCID

### Consent to editing

	All authors understand and agree that their manuscripts will be edited to comply with RACCEFYN style, word count limits, and formatting requirements, references, figures, units of measurement, and scientific nomenclature
--	--

### Additional information

The editorial board may request the following documents:

- Consent of ethics committee
- Permit for the collection of specimens of wild species of biological diversity for scientific research purposes (commercial and non-commercial)
- Contract for access to genetic resources and their derived products
